We are glad to state that the July interest of our county indebtedness is being paid by Judge Tyler. This speaks well for our county finances.

The Champions of the Red Cross will meet at their hall tonight, at 8 o'clock promptly. Deputy J. M. Spear, of Cedar Hill, is expected to meet with the Encampment.

The bill to remove the political disabilities of Gen. Beauregard passed the Senate on the 7th inst.

The entire expenses of the city government of Nashville for the month of June, were \$67,734.12.

The New Haven Register says Tilden will carry Connecticut by at least 9,000 majority.

MAKERS of flags, banners, Chinese lanterns, etc., are doing a thriving business this centennial year.

ONE of the most prominent Republicans of Illinois, Gen. Farnsworth, has come out for Tilden and Hendricks. Fall into line.

It is reported that a young man named Stroble, formerly a student of Sewanee University, in this State, was murdered recently by Indians in Texas.

GREENWOOD Prayer-meeting will be held at the residence of M. C. Pitman, next Tuesday night. A cordial invitation is extended to all.

We acknowledge with many thanks the receipt of a large file of Philadelphia papers from Mr. David Hendricks who, with his lady, is attending the centennial in that city.

BETWEEN now and the 7th of November, the day of the Presidential election, seven States have elected. They are Arkansas, Vermont, Maine, Georgia, Indiana and Ohio.

Mrs. H. A. Fowles, of Nashville, is on a visit to her relatives and friends in this city and vicinity. She is a most estimable lady, and will be warmly and cordially welcomed by host of friends.

We publish an interesting communication from "Observer," upon the all-absorbing topic of Tobacco, in our issue to-day. He is a matter-of-fact man, and gives facts as he understands them. Read his letter.

AT our county election, on the 31 day of August next, there are to be elected three school commissioners in each civil district. This is an important election, and friends of the Public Schools should see to it that the election be held, and that none but good men be elected.

We learn from the Springfield Record that there will be a campmeeting held at Corinth church, eight miles north of Springfield, beginning Friday, 25th inst. The Methodistist of that section will carry out all the details of such an occasion in the best style, and kindly minister to all who attend.

We learn from the last Pulaski citizen that our former fellow-townsmen, T. R. Burge, who is general agent for the Wheeler & Wilson Sewing Machine company, now has headquarters at Nashville. The Citizen truthfully adds, that Mr. Burge is one of the best agents any company ever had, and is a gentleman of great social merit.

THE estimable wife and little babe of Mr. Eugene Glascock, who have been seriously ill at Olmstead, Ky., arrived at the residence of her father, Mr. H. P. Morris, in this city last Thursday. Mrs. G. has revived from the fatigue of the trip, and now bids fair to recover.

NASHVILLE BANNER.—We will furnish the CHRONICLE and Nashville Weekly Banner to subscribers in this county for \$3.25 per year. To those outside the county 15 cents must be added to pay postage. The Banner is a very large and ably conducted paper, and will be unusually so during the present political campaign.

FINE TOBACCO.—On Friday, 21st inst., Messrs. Harrison & Shelby will offer for sale 10 hogsheads of tobacco raised by Mr. Arch. Haggie, of this county. Most of this tobacco is said to be very fine, the regular Clarksville Shipping Land, Mr. Haggie is an excellent farmer, and has taken great pains in handling this crop, and we have no doubt he will be amply remunerated for his trouble.

MAIN street is the rival of Madison in the way of improvements—the citizens thereon keep pace with all modern styles, and thereby add greatly to the thrifty, neat appearance of our city. Mr. G. A. Ligon, always a plain, practical man, is not getting round in his old age, but desiring to keep up the general beauty of the street on his residence, is making some handsome and substantial improvements to his residence. It has been said, time and again, recently, that Clarksville contains more elegant and stylish houses than fewer dilapidated ones on any town in the South, and those owning houses here appear anxious to retain a honor given her in all respects.

Southside Picnic.

It was our good fortune, on last Wednesday, to attend a real old-fashioned picnic at Roger's Spring on the Southside of the river. The affair was gotten up as a neighborhood reunion and the day set apart for recreation and pleasure to all. We arrived on the grounds about 10 o'clock, a. m., and found several hundred people already assembled, who were enjoying themselves in various ways. Squares of Orange (Uncle Grief, who though not an organist, is still one of the sweet singers), seemed to be Chief Marshal of the day, and right royally did he bear his honors and discharge his duties. About 1 o'clock dinner was announced when all repaired to the well filled tables, the ladies being served first and the gentlemen afterwards. The famous charge of the "Light Brigade" was a mere circumstance to the onslaught, but the indefatigable commissary J. T. Swift and his assistants replenished the trenchers from apparently inexhaustible sources till there was not one in the crowd who could "call for more"—they were literally too full for utterance. And just here we must compliment Mr. Swift on his skill and success as a "barbecueist," also return our sincere thanks for his kind attentions.

After dinner it was announced that Mr. Thomas McNeilly, of Charlotte, would address the people on the subject of a Turnpike Road from Clarksville to Charlotte. Mr. McNeilly in a short speech showed the practicability of building this road, also the great advantage that would be derived from it; Clarksville, Charlotte and the whole intervening country being large gainers.

Mr. G. T. Abernathy was then called upon, he said that it was only twenty-seven miles from Clarksville to Charlotte and that owing to the facility for getting material, that in his opinion the road could be built for about one thousand dollars per mile—making the entire road cost about \$30,000. A large portion of the road could be covered with gravel, which can be had for the hauling, in place of stone. Mr. Abernathy is a practical surveyor as well as a good business man and his views on the subject are well worth the attention of those interested in the enterprise. The proposed road is of very great importance to our city, and we shall speak of it again and use our utmost endeavors to carry it to a successful issue.

Everything passed off in fine style and all who attended enjoyed themselves to the fullest extent. We are decidedly in favor of this mode of procedure among our country cousins and it would be a good thing for our people if such occasions were more frequent. The Southside is proverbial for its generous hospitality and social attractions, yet we don't think these virtues are confined to that particular locality and hope the people of other communities will adopt their plan of reunions.

Tilden and Hendricks Club.

Impressed with the necessity of immediate organization for the coming campaign, a number of gentlemen met in Mr. Riley's office on Tuesday last, and formed a political club, to be designated the "Tilden and Hendricks Club." Wm. M. Daniel was called to the chair and permanent organization was effected by electing T. M. Riley, President; Rufus N. Rhodes, Secretary; and J. W. Randolph, Ass't Sec'y. It was decided to hold the next meeting at the Court House, on Monday night next, when President Riley will open the campaign with a rousing speech for Tilden, Hendricks, and Reform. Messrs. West, Randolph and L. G. Munford are the committee of arrangements for that evening. All are invited to attend, especially the ladies, and to join in our efforts to dethrone corruption and ignorance, and place in power men of tried integrity and wisdom. Let everybody turn out.

R. N. RHODES, Sec'y.

CLARKSVILLE AGRICULTURAL AND MECHANICAL FAIR.—A meeting was held in this city, last Saturday, to make all necessary arrangements for a Fair to be held at the grounds near here, the coming fall. Permanent officers were elected, and appropriate committees appointed, as will be seen in the proceedings which we publish elsewhere in to-day's paper.

The character of the gentlemen who have undertaken to revive this matter is a guarantee, to our minds that it will be successfully brought about and carried out. Meetings of this character, when properly conducted, afford much social interest, and profit to all, particularly to the farming community—and now that a move is made to recognize the Fair, we hope the farmers will take hold and interest themselves in helping to establish it upon a sure and paying basis. We learn that a liberal premium list will be published soon, and the gentlemen who have charge of this affair, are using their best energies to get up something that will prove worthy and be carried forward to success.

SNAILS.—T. H. Munford brings us a snake story which he vouches for as his own knowledge. He killed a black snake on his property four feet long, within which he found a garter snake 2 1/2 feet long which had been swallowed by No. 1. We must regret that he did not open No. 2, as it is highly probable that it may have contained a No. 3, and so forth in a gradually decreasing series. Tom we believe you to be a truthful man and agree to swallow all the snake stories you will bring us. Our sympathies are not much worse for this last act of deglutition.

Two young men, Bell & Knowland, came to our city last week and made arrangements to start a tailor shop. They advertised their card, had a sign painted and put up by Mr. Bradbury, at the room they rented next door to C. M. Barker's grocery, and to all appearances intended to go into tailoring forthwith. The same day their sign was up, and they were evidently sharp cutters.

PERSONAL.—Mr. J. O. Griffith of the Rural Sun, Nashville, gladdened our office this week by paying it a visit. Mr. G. is recognized by us all as an old friend and a veteran journalist, and it is always a pleasure to receive him. His Rural Sun by-the-by is a useful and interesting agricultural journal well worth the attention of our countrymen. The CHRONICLE and Rural Sun can be furnished at this office for \$4.10 and it will be money well spent.

ABYSSINIAN ADVENTURES.

We publish a few lines from a letter of Dr. T. D. Johnson, dated Abyssinia, June 1st. No comments of ours are needed, for it tells a tale of shocking suffering and wonderful escape, such as few romances can match in interest. Dr. Johnson's friends (and who in Clarksville is not his friend?) will read it with an absorbing interest. The indignities I was subjected to during my stay with the Abyssinians were horrible, to say nothing of my great anxiety lest I should be whipped or murdered. I feared the former most, although there was great danger of the latter; as you will know when I tell you that of over six hundred of us captured, only one hundred and thirty returned, the others having been shot on the third day after the battle. But God raised me up friends even amongst these people, especially Ras Waldo Classic, the Prince of Lemaie and Amara, the most powerful man in Abyssinia, next to the King, he sent for me and after one or two interviews made the man who was my captor return my clothing and ordered me to eat with him, which I continued to do until sent back to the Egyptian camp. In one of my earlier conversations with him he told me that the man who captured me told him, that he had prevented others from killing me, which he said he would do, and that he was captured, so that he might kill me himself; that he had gotten ready to shoot me several times, but could not look in my face and take compassing the Council, and should one county take more than another, they must yield a portion to make it equal. If the stock is not increased to satisfy their call.

Brother B. Winston of Pioneer Grange, was appointed to see the subscribers to the Warehouse stock and ascertain certainly what amount of money can be deposited in bank by the 15th of August for the purchase of said property and also the amount that can be placed there from the profits of the Warehouse, and to solicit subscriptions. W. F. Taylor, W. W. Gill, E. B. Ross, T. M. Atkins, R. J. Johnson, T. M. Barker and B. W. Usery were elected at the next meeting to serve until September 1st, 1877, empowered to elect a President and Secretary, prepare rules and certificates, and to fix the compensation of the agent appointed, and take the legal steps to have the company incorporated.

The Board of Directors was instructed to report progress and prospects at the next meeting, which will be at Firemen's Hall, in the city of Clarksville, on Tuesday, the 1st of August, 1876. A full representation from all the counties and granges is earnestly requested, as business and pleasure to all the granges will be transacted. T. P. BURKE, Secretary.

A CARD.

EDITOR CHRONICLE: Please accept my thanks for your flattering call on me to become a candidate for magistracy in this civil district, which call I must, however, decline for the reason that if elected, it would conflict with my business arrangements. Very Respectfully, C. D. BAILEY.

ROASTED COFFEE.—The best judges in the city pronounce the Roasted Coffee, kept by Keese & Northington, to be superior to any they ever tried. Call and examine it. July 12, 1876-4w.

Be sure to read the special notices by Keese & Northington, in to-day's paper.

FROM a late number of the Leavenworth Times we extract the following complimentary notice of the Commencement exercises of Missouri Female Orphan School, which was conducted by Mr. and Mrs. R. A. Broadhurst, who have recently removed to our city and will soon start a select school:

"The Fifth Annual Commencement of the Missouri Female School, was concluded with a pleasing and instructive exhibition. The school edifice was crowded by the best class of ladies and gentlemen, from Kansas and Missouri, who returned to their homes filled with an admiration, equally divided, between the worth and merit of the faculty, and the evident genius, application, and rapid advancement of the scholars. Mr. and Mrs. R. A. Broadhurst seem pre-eminently fitted by nature and education, to conduct such an institution, and they have exhibited a depth of discernment and good judgment, in the selection of that faculty which shines well with their own modest eminence."

THE Rural Sun, speaking of the Clarksville Female Academy and the newly elected President, Rev. J. R. Plummer, says:

"It will be seen, by reference to our card, that the Trustees of Clarksville Female Academy have unanimously elected Rev. James H. Plummer as President of that institution, and that he accepts the position and will arrange a full faculty for the usual fall opening. His long and favorably known career throughout all these regions as a ripe scholar, an excellent Christian gentleman, and a most faithful, successful minister, to need any commendation from any source."

CIRCULAR LETTER.

CLARKSVILLE, TENN., July 4th, 1876.

At a regular meeting of the Clarksville Tobacco District Council, held in the city of Clarksville on the 4th of July, the Committee on General Supervision reported that they had made a contract with Charles Warfield for the purchase of the Cumberland Warehouse at \$6,000, one-third cash, the balance on one and two years time, with interest at 6 per cent., and all cash (in each case) at the option of the Council. The committee suggests that a special agent be put in the field to solicit and close up stock subscriptions. The report was received and the propositions for the purchase of the property accepted. The Secretary was instructed to send a circular letter to each Grange, informing them of the action of the Council and to request at least one-half the stock subscribed and all if possible by the first of September, 1876. The delegates from Todd, Montgomery and other counties were requested to carry the action of this Council to their county Granges and urge them to take the same action that Logan county has already taken in this matter. Logan county at its last meeting employed an agent to canvass the county for stock and to pay him out of the county grange funds. The stock to be as equally divided as possible, between the counties composing the Council, and should one county take more than another, they must yield a portion to make it equal. If the stock is not increased to satisfy their call.

Brother B. Winston of Pioneer Grange, was appointed to see the subscribers to the Warehouse stock and ascertain certainly what amount of money can be deposited in bank by the 15th of August for the purchase of said property and also the amount that can be placed there from the profits of the Warehouse, and to solicit subscriptions.

W. F. Taylor, W. W. Gill, E. B. Ross, T. M. Atkins, R. J. Johnson, T. M. Barker and B. W. Usery were elected at the next meeting to serve until September 1st, 1877, empowered to elect a President and Secretary, prepare rules and certificates, and to fix the compensation of the agent appointed, and take the legal steps to have the company incorporated.
